

Specification of GX FS ESD Drivers

PART No. 285-1055***

Equipped with a maintenance-free brushless motor, the right-hand screwdriver GX FS ESD with lever start/Push to Start is the most accessible solution for your assemblies with low torque. It has reduced functionality optimized for simple use. Single-speed design, it is fast and efficient. We also offer a wide range of accessories to complete its installation (torque protection ring, suction nose, angle gear kit, etc.).

The GX FS ESD straight electric screwdrivers with mechanical cutoff allows you to carry out your assemblies with precision. It is equipped with a lever start/Push to Start and a quick chuck type drive for 1/4 " female Hex bits.

GX FS ESD BRUSHLESS ELECTRIC SCREWDRIVER

Productivity

- Digital speed adjustment
- Extended features
- High reliability
- Surge and temperature protection

Quality

- Brushless motor (maintenance free)
- Start, reversibility and non-contact sensor shut-off
- Soft shut-off mechanical clutch
- LED indicator on the screwdriver for signaling and adjustment
- ESD-free body

Comfort

- Optimized ergonomics
- Excellent weight / ergonomics ratio
- Silent motor <70dBA

Requires Power Supply XS-40D

ABOUT KAISERTECH

Founded in 1998, Kaisertech Ltd is situated in Eastleigh, Hampshire.

Through hard work and dedication Kaisertech has grown to be a well-recognized supplier of electronic production equipment and tools.

Specialists in: Soldering, Static Control, Vision, Industrial Furniture, Electric Screw Drivers & Special Projects.
